Why Give Gifts?

Gifts are a genuine advertising medium targeting specifically the receiver and the advertising stays with the receiver. Other mediums such as T.V., radio, print media, etc. target across a wide spectrum of (mainly unrelated) audience and the message does not stay, unless repeated constantly.

Recall value of gifts are much higher!.

Why choose from this catalog?

1) LEGACY

27th year in the gifts business; a legacy of reliability, quality & service.

2) TOP BRAND NAMES

Most of the products in this catalogue are from world-renowned quality brands; Give Gifts that are useful, add Value, uplift your Company Image & became your Brand Vehicles.

3) UNIQUE DESIGNS

More than 85% of the products are unique with us.

4) HIGH QUALITY

Your clients will use the gifts for a long time; this builds a bond of trust between the client & your company.

5) TASTE

We understand the local preferences & our range covers the region's choices.

It is important to remember an advertisement giveaway is meant to serve a different purpose than a gratitude gift. The branding is done accordingly.

Real Functional Quality Gifts

1	IT, MultiMedia & Mobile Gadgets, Power Banks, Speakers, Selfie Accessories, Solar Chargers, Activity Trackers, Head Phones, Technology Gift Sets, USB Flash Memory Drives - Covering the brands Philips, XDDESIGN, IDAPT, @memorii	Page: 5 - 42

POWERBANK

Buying Guide

WHAT

is a powerbank?

A PORTABLE EMERGENCY CHARGING DEVICE!

WHY

do I need one?

1 IN 3 PEOPLE SAY THEIR BIGGEST GRIPE WITH SMART DEVICES IS BATTERY LIFE

WHERE

can I use it?

PERFECT FOR 'ON THE GO'

WHICH

powerbank should i buy?

• THINGS TO CONSIDER •

CAPACITY

AMOUNT OF CHARGE THE POWERBANK HOLDS

SIZE

DIMENSIONS? SHAPE? PRINT AREA?

PRICE

WHAT IS YOUR BUDGET?

generally the PRICE & SIZE INCREASE PARALLEL to capacity

CAPACITY

SIZE

AVERAGE SMARTPHONE BATTERY

2000 mAh

AVERAGE TABLET BATTERY

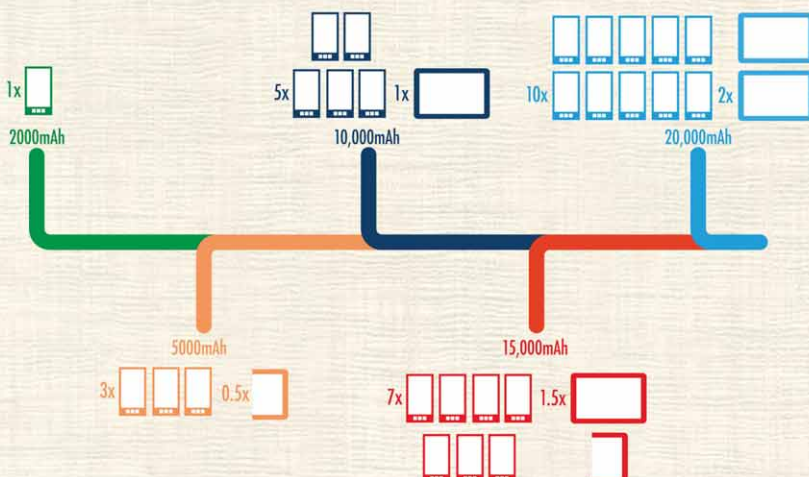

10,000 mAh

mAh

- mAh stands for 'milliamp-hour'
- It is a measure of a battery's energy storage capacity
- The higher the mAh the more electrical energy it can store

HOW MUCH POWER DO I NEED?...

MYTHS

— VERSUS —

FACTS

Myth: Don't charge your phone unless it is almost dead.

Fact: It's not harmful to plug your phone in before the battery is drained—in fact, it may be better for your battery.

Myth: Leaving your phone plugged in destroys the battery

Fact: Modern smartphones run on lithium-ion batteries, which are smart enough to stop charging when they've reached capacity.

Myth: Bigger battery capacity will mean better battery life

Fact: More cores don't automatically mean better performance, since there are other factors that come into play, such as processor architecture, multithreading support for apps etc. For instance, a high-end quad-core Qualcomm smartphone almost always performs better than an octa-core Mediatek smartphone at the high end.

An average adult spends nearly an **HOUR** a day on his/her mobile device.

Window Connect

Eco Friendly

UD 788

XDDESIGN® Window solar charger can be used to charge your mobile phone or MP3 player in the car, office or at home with the integrated 1400mAh rechargeable lithium battery. Because the charger can stick to a window it always faces the sun. This makes the solar charging process even more efficient. The charger has an USB output and mini-USB input. Including a mini USB cable. Registered design®

XDDESIGN®

550 mAh

Hang it

Integrated Connectors

Eco Friendly

UD 794

XDDESIGN® Nab solar charger: You need to take one more photo, send one more email, or make one more call but your battery has just died! The Nab solar battery with integrated plug will help you out. It has the 4 most common plugs, iPhone 4 and 5, Micro USB and Mini USB connectors and 1 small charger to do it all. With the silicone sleeve it's easy to hang and catch the sun. Registered design®

A bunch of flowers is always a good gesture, one that is highly appreciated, and Sunshine especially! Sunshine prefers a well lit spot in the center of any home or office. Requires no watering, but is fond of recharging mobile phones !

STAY

HYDRATED

TO STAY HEALTHY

FACTS AND FIGURES

Average men need about 13 cups of fluid per day in a temperate climate

Average women need about 9 cups of fluid per day in a temperate climate

Exercise, heat, altitude, and certain medical conditions all increase the body's need for water

90 oz

Amount of water an average person loses every day

Caffeinated beverages like coffee, tea, and soda can cause you to lose fluids

Dehydration affects coordination, concentration, and brain function

TIPS TO STAY HYDRATED

Drink a full glass of water as soon as you wake up
Try putting it by your bedside before you go to sleepPurchase a reusable water bottle
Take it with you everywhere so you always have water on handAlways refill your water glass when you finish it
A full glass reminds you to drink moreEat fruits and vegetables with high water content
Try cucumbers, watermelon, and citrus fruitDrink a glass of water when you feel hungry
Many people think they are hungry when they are actually thirstySet a timer
Remind yourself to drink a full glass of water even if you think you're not thirsty

The frost bottle is ideal for storing 600 ml of water, ice tea, juice or a sport drink. The impact-resistant double wall Tritan withstands sub freezing to boiling temperatures. The bottle has a re-freezable built-in gel pack that eliminates the need for ice as the technology keeps drinks ice cold for hours without the watered down effect of ice. Just place bottle in the freezer for an hour or more prior to use and enjoy cold drinks for hours. The bite-it silicone sport lid and straw make drinking a breeze. Bottle is BPA free and food safe.

WRITING NOTES: THE BRAIN HAS A SAY

University of Washington research suggests that physically writing activates regions of the brain that involve thinking, language, and working memory. Unlike typing, writing engages your brain during the process of forming and connecting letters.

The brain is broken into cognitive regions that process information. The two most active while taking notes are the occipital and the temporal lobe.

● Occipital: Visual perception, spatial recognition, color recognition

● Temporal: Auditory perception, memory, speech, emotions, visual perception

All Otto Hutt writing instruments are made entirely in Germany and combine meticulous craftsmanship with fine details.

Materials used include 925 sterling silver with rhodium, platinum, palladium, ruthenium plating.

Otto Hutt established this factory in 1920 in Pforzheim, Germany, the city that produces 80% of jewelry exported from Germany. Every pen is produced with the precision of jewelry.

All Otto Hutt writing instruments feature a 6 digit serial number; a unique identity to every pen.

YOUR handwriting says a lot about you - and so does the pen you hold. That's why over a century's experience as pen pioneers has led Platignum to create this distinctive range of quality pens. From the self-filling ranges manufactured in 1919, Platignum invented the world's first replacement nib, created the retractable ball-point in 1950 and introduced the first cartridge system. Platignum, the U.K pen pioneers have been writing the history of the pen for generations and are continuing to innovate for the future.

PRESENTING A NEW TYPE OF WALLET
THAT PROTECTS AGAINST FRAUD IN THE NEW WI-FI ERA.

SANTHOME

SECURITY FOR YOU

How the card holder protects?

The aluminium Cardprotector protects your most important plastic cards not only against bending and breaking, but also against malicious parties reading your RFID and NFC cards. RFID (Radio Frequency Identification) cards contain a chip and an antenna for wireless communication. Examples of RFID cards include the Travel card, ID cards, the latest generation of credit cards and bank cards, as well as various access passes.

Using the Cardprotector

The Cardprotector can hold a maximum of 7 cards. If only embossed cards are used, the capacity is 5 cards. Position the cards you use the most at the back or front and they will slide out sufficiently to be used. Slide out the cards with ONE movement of the slider on the side. The radio signal, although still greatly reduced, will now be sufficient for contact over a short distance. This means that you can use your RFID-NFC cards easily and securely. After use, slide your cards back into the Cardholder by pressing down on them lightly

PREVENT e-PICKPOCKETING WITH PROTECTION

RFID: New Technology, New Theft Potential

Designed to be used with PayPass, public transit, ID scan systems

RFID chip makes personal information card scannable

Scanner sends signal to card

RFID Radio Frequency Identification

Info on ID transmitted: name, ID/ account numbers

RFID chip activated by signal

ePickpocketing: RFID Danger

Scanners activate RFID chips

Pickpockets make portable scanners

Financial/ID information stored on scanner

Scans done while walking by no contact

Tourist destinations, transit stations, airports, and large crowds are target areas

Victims don't know until signs of theft appear

Emptied transit card or bank account, fraudulent charges

Does Your Card Have an RFID Chip?

blink payWave or blink @ logo

May still have RFID if no logos

Cards likely to have RFID

Credit / Bank Cards Transit Cards Driver's Licenses

All U.S. Passports Issued since Oct. 2006

Common Access Cards

ePickpocketing Solution: Identity Stronghold Protection

Our Santhome card holder blocks portable scanner signals

Prevent RFID chip activation and info transfer

3046 E

ECO-FRIENDLY LEATHER

Leather Tanned

the Ancient way, now forgotten.....

Before industrialisation, leather was tanned using secretions from barks of trees (no chromium or aluminium salts/chemicals were used). This slow & eco-friendly way has been completely forgotten in today's fast-paced quick-profits world.

This eco-friendly real leather collection has been tanned in a way that caused minimal damage (almost nil...)

to the environment. Also cotton lining have been used to enhance the eco-friendliness of products to above 95%.

FUN FACTS

Think of a number. Double it. Add six
 Half it. Take away the number you
 started with Your answer is three.

If you take your age and
 multiply by 7, then multiply
 it by, 1,443 the product
 repeats your age 3 times.

A mathematical wonder: 111,111,111
 multiplied by 111,111,111 gives the
 result 12,345,678,987,654,321.

Caution - Promoclips do not cut fingers & papers. Are you sure about other brands ? Buy only the original.

Promoclip original

Finish your precious correspondence with an original Promoclip carrying your own logo. More and more companies decide to distinct themselves this way. A Promoclip matches your corporate identity perfectly and offers space to print your logo and to promote your website or slogan.

Promoclips are easily put on paper by giving it a gentle twist. Each clip has been carefully smoothed to avoid possible damage to the paper.

Also the patented bends on the back of the clip enable you to put on a clip without using any force.

ML Clip original

ML Clips are considerably larger than Promoclips and offer enough space to print a product photo or state your complete company details.

Not only its size, but also its strenght is unique: an ML Clip holds 2 to 35 sheets of paper together!

This clip is really one of a kind. Available with digitally printed labels or laser engraving.

XL Clip original

The XL Clip safely holds together bank notes, credit cards and receipts. Carrying a solid laser engraving, the XL Clip offers sufficient space to show your logo and even a message.

Give your client an XL Clip as a 'thank you' and he will think back of you frequently. Obtainable in a semi-transparent give away box, offering space to leave your business card as well.

Already available as of 50 pieces.

BUSINESS CARD ETIQUETTE AROUND THE WORLD

JAPAN

- Business cards in Japan are an important part of all social introductions, both business and personal.
- Just about everyone in Japan has their own business card or *meishi* (called *meishi* [may-shi]), from the time they are a student
- To handover or accept a business card, one should always use both hands.

Tip!
 Ensure that your title is clearly printed on the card as the Japanese place **great importance on rank and title.**

UNITED KINGDOM & UNITED STATES

- The exchange of business cards in the U.K. and the U.S. is quite **informal** and there is no **predefined ritual**.
- Business cards can be placed **directly in your pocket** when you receive them if necessary.
- All business cards should be **clearly legible and presentable.**

Tip!
 Business cards are not usually used in personal situations here. It is advisable to only hand out business cards to **business contacts** or those who present their card to you first.

In South Africa, it is advisable to present your business card **with your right hand.**

When exchanged, business cards should be **stored away properly** rather than put in a pocket.

Cards should be in **English on one side** and your language on the other side.

Tip!
 A short comment on the card after the exchange takes place is **polite** and often **appreciated** by the recipient.

SOUTH AFRICA

CH 154

Smooth metal cardholder with PU covering. Can hold up to 20 business cards and ensures that they are crisp and pristine when you present them to key contacts or prospects. Packed in a black paper box.

In China, it is preferable to present **your own card** before asking for another person's business card.

You should handover your card with **both hands** with the text facing the other party.

When accepting a business card, make sure you take a moment to study the card before putting it away as a measure of courtesy.

Tip!
Red is a lucky colour in China and so it can be a good idea to consider using red print or embossing on your card.

CHINA

AUSTRALIA

- Business cards are usually exchanged at the initial introduction without **formal ritual**.
- If you are not given a business card, it is not considered to be an insult – the person simply may **not have one**.
- Similar to the U.K. and the U.S., business card exchanges are usually confined to **business interactions** as opposed to both personal and business encounters.

Tip!
 Australians are often **direct** in their business interactions so don't be offended if they don't take the time to study your card when the exchange takes place.

Eco Friendly

**What is rPET?**

rPET is recycled PET (Polyethylene terephthalate) from sources such as soda bottles. The material is cleaned thoroughly, ground and reused as raw materials in the production of rPET. The advantage of this material is that it more environmentally friendly.

rPET has:

- 90% lower carbon footprint than nylon.
- 75% lower carbon footprint than polyester.
- 50% lower carbon footprint than organic cotton

Here's how we make our products from recycled plastic bottles:

We start with recycled plastic bottles that would otherwise end up in landfills.

The lids and labels are removed and the bottles are smashed and shredded.

After shredding, the material is spun into a woven fiber.

The fiber is now transformed into rolls of cloth.

The products are manufactured from the cloth that started out as plastic bottles.

Typical measurements:-

	Gulf/Asian Sizes			Europe Sizes		
	M	L	XL	M	L	XL
A	28	29	30	29	30	31
B	21	22	23	22	23	24
C	8	8.5	9	8.5	9	9.5

These measurements are for guidelines only. The actual measurements may vary slightly between garments as knit garments have internationally accepted higher tolerance values

GSM or GMS ?

Most manufacturers confuse clients with this. GSM: Grammes per sq. meter is the wt. of the fabric in a square of 1 meter x 1 meter. it remains the same in all sizes. Hence the correct way to describe GMS: is the wt. in grammes per piece of the Tee/Polo And will always vary with each size.

Thus, completely misleading. We ALWAYS specify the GSM. So you are rest assured of what we offer.

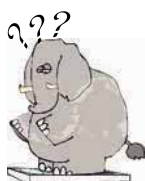

Heavier the better ?

Not necessarily. The quality of yarn will decide the quality and Price.

Super combed, combed, semi combed and carded: this is the quality of YARN in descending order.

We specify the yarn. So you are rest assured of what we offer.

What more we can offer:

You Are Welcome To Send Your Design Ideas And Originals. We Will Reproduce It For You..!

NAWRAS RNT for Kids
RNT is 180 gsm. Logo identity strips all around the body .

NAWRAS Polos for Kids
Buttonless placket polo with logo identical color strips running over sleeves and back .

The brands used in the images are for representation purpose only & belong to their respective brand owners.

G Special Packaging

Item : ORCA | **Content :** Premium Cotton rich MERCERIZED fabric
Measurement : Gulf | **Sizes Available :** S, M, L, XL, XXL, 3XL

"ORCA is found in Antarctica and Arctic oceans. Also called 'Killer whales', it is the largest of the Dolphin family. They are beautiful, intelligent, fast, strong and yet the most social of all sea animals! They are said to have great tolerance in varying temperatures. That is the reason they enjoy world-wide distribution. Most interestingly, it's the only species in the world that has both the male and the female offspring stay with their mothers and immediate family forever...!"

These wonderful creatures have inspired us to bring to you exclusive polos. Their 'killer look', beauty, sheen and lustre is attributed to the MERCERIZING process. The premium cotton rich material makes it extremely comfortable in all climatic conditions. The collar, cuff in the birdie configuration sets new standards in their making. The bold loop stitches all over the hems and shoulder make them unique and yet resilient. Finally just as the ORCA, this polo will stay with you for long time to come.

Shouldn't then it be called the ORCA POLO?"

 The shades in the lots may differ due to lot-to-lot variations.
 The difference is no more than internationally accepted norms of the garment trade.

Premium Cotton fabric with super hand feel and smoothness

A Tagless main label

Item : BIO180 | **GSM** : 180 | **Content** : 100% cotton. Super combed with Bio-Enzyme | **Measurement** : Gulf
Sizes Available : S, M, L, XL, XXL, 3XL

This PREMIUM cotton T shirt uses high quality LONG STAPLE cotton from Central India.

This ensures superior consistency of the yarn it is spun from. Resultant fabric knitted shows the rich handfeel and luxury of COTTON we love. BIO process adds further to the smooth and soft luxury one would never want to come out of ...!
